Contest Rules

01. Models will be judged against each other based on standard IPMS judging guidelines. **Each category will have a 1st, 2nd, and 3rd place.** There is no Out of Box (OOB) award. First place models in a category are eligible to be judged for "Best of Class" (39 - 45) Special Awards. Only the Best of Class winners are eligible to be judged for the "Best of Show" (46) Special Award. Any "theme model" is eligible for the Theme Special Award only and must be placed on the Theme Category section only.
02. A contestant can enter a maximum of ten (10) models total of which no more than 6 per class and no more than 2 per category. Should a contestant wish to enter additional models they would be able to buy a space block of 5 additional models for an additional \$5.00. A modified "No Sweeps" rule is in effect that states a modeler cannot take all 3 places in a category but can take 2 of 3 places. (NOTE: Juniors classes are exempt from this rule and can enter unlimited models)
03. This is a family-friendly show. The Head Judge may exclude from competition and/or public display and entries which he/she considers to be offensive to generally acknowledged standards of taste and acceptability. This does not apply to historical aircraft nose-art.
04. All entries must be the sole work of the individual whose name is on the registration and entry forms, with the exception of category 01 where juniors may have limited parental aid subject to judges' acceptance. However, a surrogate may bring another person's model, but the registration must be that of the builder. Commercially built and/or finished models (die-cast, etc) won't be accepted for entry in any category.
05. Models are entered solely at the entrants' risk. Eastern Carolina Plastic Modelers does not assume any liability for loss or damage to any model. Models may be handled during judging. If necessary, we will ask the modeler to remove display cases prior to judging. If you do not want your model touched, please state so in writing in the notes section (on page 1 of the Model Builder Registration). This statement must include your cell phone number so you can be called to move your own model. If you do not respond to the call, your model will not be judged.
06. Vignettes vs. Dioramas: The number of subjects (vehicles and/or figures) will determine in which category an entry is placed.
Vignettes: A single vehicle and/or no more than 5 figures. Vignettes will be placed in the proper Class/Category.
Dioramas: Dioramas are story-centric, specifically built to tell a story or convey a message, and with 2 or more vehicles and/ or more than 5 figures. Dioramas will be placed in Class VII and the appropriate category(ies). The storyline will be considered equally to construction and finish of the individual subjects, figures, and other presentation components. Builds and dioramas largest measurement must be no more than twenty four inches, (24"). Larger sizes must have prior clearance from the con committee to be displayed.
07. Junior entrants ages 13 to 17 (category 02.) may compete in either their junior category OR any other category their model would be eligible for competing, but not both. Please fill in the category you wish to enter.
08. The Contest Registration Committee will assist in determining entry class and category at the time of registration. If an entry qualifies to be in more than one category (i.e., a 1/32 biplane could be either 03 or 11) the entrant may select which category he would like the model to compete. In all cases the final determination rests with the Chief Judge and the decision of the Chief Judge is final. A category may be split or combined at the discretion of the Chief Judge to balance numbers of entries for competition.
09. Judging: IPMS guideline standards will be used with every numbered category. Judges are not allowed to judge a category in which they are entered. For the "American Icons" theme, models within a single Class will be judged together no matter their category.
10. An entry which has won a Gold/1st place medal or the People's Choice Award in any previous DownEast-Con will be placed on our Display Only Table. Silver and Bronze winners of previous DownEastCons can be judged for 2026. Those models that won Gold/1st place in other contests can be entered for judging.
11. **Automotive Category Definitions.**
FACTORY STOCK - A vehicle as it would have come from the factory paint; must resemble factory paint; wheels can be replaced. Documentation may be requested for any vehicle that appears unusual.
HOT/STREET RODS, STREET MACHINES - Modified vehicles intended to be street driven. Models must be street legal; treaded tires, exhaust systems, license plate, etc.
COMPETITION (open wheel and/ or closed wheel) - Those vehicles intended for a track (whether round, left/right or straight).
COMMERCIAL - (Heavy and/ or light) - Those vehicles intended for the service industry(think of your local plumber up to long hall trucker), They would have some sort of marking to indicate which industry for which they are working.
CUSTOMS - Vehicles that have undergone extensive body work, designed for display competitions, and may or may not be street legal. ★
