It's an Expo, not a contest, we plan it to be an exhibition of scale model building to introduce new people to the hobby and to the various clubs active in the area.

We want to offer every club in eastern North Carolina a chance to meet and greet builders and interested parties with the objective of increasing membership for us all.

Each club will have a table for members to sit behind and talk to prospects. They will also have tables to display completed model and/or building demonstrations as they wish.

We are inviting vendors to offer their kits and accessories for sale.

It will be at the Havelock Tourist and Event Center again, Set up 8:00 am, public access 10:00 am And it's all **free**.
